Pasadena Calif. Jan 1<sup>st</sup> 1924.

Mr. Wood.

Dear Sir:

Mr. Thos. L. Elder gave me your name as a party who might be able to give me an idea as to where these coins, which I enclose a

photo came from, and as to their value.

My Brother-in-law that now resides in New Zealand. While in the late war was for a time Military Governor of Damascus. & these Gold Coins came into his possession. He writes me he asked the British Museum in London to inform him about them. But they did not seem to create them, only wanted he should donate them to it. This is about all I can say. He asks me if I could find anything as to them or their value — I shall esteem it a favor if you can give me any information

Sincerely yours.

Thomas Adams

Yours was my home for many years —
